Description

Sharing our photos and insights while on the road

"We travel not to escape life, but for life not to escape us."
unknown

You speak; we listen

Based on input from our followers, we are launching a new page, On-The-Go Photo Galleries and Travel Logs, that will share posts from our current travels. The posts will provide quick insights and

photos from our daily outings. While on the road, we frequently post on our social media pages, but there has been no natural way to track our trips on our blog. Several of our readers do not have social media and have asked for a way to follow our travels on the blog, especially by sharing photos. Our social media posts during our travels have always been huge successes; people love pictures. Another benefit is as social media has some complicated algorithms, and we have no control over when our posts are shown. Many people will tell us we are not showing up on their feeds.

We have been debating how best to do this as a lot is involved in putting an article on the blog, especially when traveling. It will be our iPhone photos, a summary of the place we are in, along with some commentary on our experiences as they occur.

Down the road will write more detailed and extensive articles on places we have visited, predominantly using our Nikon photos. In the meantime, we hope that allowing our readers to follow us during our travels will add a layer of fun that several have requested.

If you see we are in the place you have been, we welcome suggestions and ideas for what to do and see. Especially places that might not be part of a “normal” itinerary. Please email us at travel@wandererscompass.com or contact us through messenger on our social media sites.

Our favorite travel insurance site!

If you book a trip, don't forget to get travel insurance within 14 days of your first booking. We could not be stronger advocates of being well-insured. Not just for the little stuff but the big things like medical emergencies. We never leave home without it. Over the years, we have used many sites but have now found our go-to place. [Squaremouth.com](#) does a fantastic job; it has a user-friendly interface, uses top-rated and reputable insurance carriers, and most policies cover COVID-19 medical issues and cancellations. They also mediate on your behalf if you have problems with your policy.

To empower you as a consumer, we suggest you read our [blog post](#) on the importance of travel insurance and how to get the best coverage from top-rated companies for an affordable price.

[MedjetAssist](#)

Medical transport back home from anywhere in the world

They are the premier global air medical transport. One caveat to travel insurance is that medical evacuation usually gets you to the closest facility to care for you. Medjet gets you back to the U.S. to the hospital of your choice once you are stable enough to fly. They cover COVID-related transport as well.

[Medjet](#) carries its own policies. These policies are only for transport and do not cover other aspects of travel insurance. They have individual trip policies starting at \$99 and annual policies for around \$300. Most of their policies limit the age to 74 and younger. Prices are not based on age below that.

To learn more about how Medical Evacuation membership with Medjet Assist works, check out our [blog post](#) for a more detailed review.

Hotels, home rentals, BNBs, flights, and other transportation & tours

[Expedia](#) is a US-based company whose mission is to power global travel for everyone and everywhere. Whether planning a family vacation, booking for business, or organizing the trip of a lifetime, they are a fantastic resource. Wanderers Compass focuses on independent travel, and using sites like [Expedia](#) makes that possible. Every aspect of travel you need, from airfare, accommodations, rental car, and cruises to activities to do at your destination, can be booked on [Expedia](#).

[Booking.com](#)

Hotels, Home rentals, BNBs, Flights, and other Transportation & Tours

[Booking.com](#) connects millions of travelers to memorable experiences, various transportation options, and incredible places to stay – from homes to hotels and much more. It is one of the world's largest travel marketplaces for established brands and entrepreneurs of all sizes.

We always check Expedia and Booking.com to verify prices. At times, one is sold out of rooms while another at the same place has rooms. We also often find some European hotels, especially smaller ones, on Booking.com but not on Expedia. It could be they are a Europe-based company. Try both before booking accommodations.

[Vacation Rental By Owner \(VRBO\)](#)

Are you traveling with a family or having an extended stay at your destination?

With over 2 million bookable vacation rentals, [VRBO](#) connects homeowners with families and vacationers looking for something more than a hotel for their trip. The [VRBO](#) community offers families or groups various rental property types such as condos, cabins, lake rentals, beach houses, etc.

[VRBO](#) is now under the Expedia group's ownership, which many were worried about, but it hasn't

panned out to be a concern. It is a massive network with access to all lodging forms should issues arise. Joelle has used VRBO for many years with her family and has had no problems with it.

[Viator](#)

As the leading marketplace for travel experiences, [Viator](#) believes that making memories is what travel is all about. And with 300,000+ experiences to explore—everything from simple tours to extreme adventures (and all the niche, interesting stuff in between)—making memories that will last a lifetime has never been easier.

With industry-leading flexibility and last-minute availability, it's never too late to make any day extraordinary. This one site has it all and has experiences throughout the world. We use them often during our travels, especially for food tours. We especially take the time to read the reviews provided.

[Amazon.com](#)

An excellent source for travel essentials and guides

We now have our own Amazon Storefront with all our favorite travel accessories and gear in one place. Check out our travel store at the link below.

[Wanderers Compass Amazon Storefront](#)

Amazon is one of the most comprehensive online shopping sources in the world. Teams worldwide provide lower prices, better selection, and rapid delivery on behalf of customers. They offer a vast inventory, and their 1.7 million small and medium businesses worldwide selling on Amazon.com offer extensive options to customers.

We buy most of our travel books, accessories, and luggage from Amazon. We have ordered up to two days before travel and get what we need.

[HYDAWAY](#)

This is not your ordinary drinkware company. The **HYDAWAY** difference is what their products do when you're not using them. Practical and portable, HYDAWAY doesn't take up unnecessary space in your already-packed life or pile up in landfills. We all know that trying to pack light while being environmentally conscious can be difficult. Having the right items can make a world of difference. [HYDAWAY](#) provides that.

We have used their collapsible water bottle, carrying case for the water bottle, and collapsible insulated drink tumbler. They are all lightweight and durable. A conservation-focused product you can be proud to buy.

[Welcome Pick-ups](#)

(Airport and sightseeing service)

A global leader in ground transportation for travelers. They help hundreds of companies worldwide enhance their services and boost their revenue with our 5-star ride experiences and hassle-free automation.

Founded in 2015 in Athens, Greece, [Welcome Pick-ups](#) goes above and beyond the standard transfer service as the first company to deliver a holistic, in-destination travel experience. From the moment a traveler arrives at a new destination until they return home, Welcome accommodates all their travel needs (transfers, travel products, things to do, information) as the easiest, friendliest, and most personalized solution.

[PhotoAiD](#)

Do you feel like you are wasting time visiting an on-site photographer only to be embarrassed by the photo? Would you like control of the final product? Get the perfect VISA or passport photo online with PhotoAiD.

When traveling, you often need to apply for official documents such as a passport, ID, and different kinds of licenses or cards. Those applications require a picture that must meet specific conditions to be accepted, depending on the country. Now, it is possible to take this picture at home without the help of a professional photographer. PhotoAiD allows you to take the perfect biometric photo you approve without leaving home.
